

FACTS AND INFORMATION

SHANGRI-LA'S RASA RIA RESORT & SPA
KOTA KINABALU

LOCATION

Situated amid the lush tropical vegetation and white sandy beach of Pantai Dalit, the resort is just 40 minutes from Kota Kinabalu International Airport and 35 minutes from the city's shopping and commercial district.

RASA RIA RESERVE

The Rasa-Ria Reserve, a 64-acre tropical jungle nestled at the foot of Sabah's iconic Mount Kinabalu - a UNESCO World Heritage Site - brings hotel guests closer to Sabah by experiencing Malaysia's Culture, Adventure and Nature.

The reserve is home to incredible varieties of flora and fauna, 64 bird species, 100 types of butterflies and indigenous wildlife including the endangered and protected Pangolin.

Split into two distinctive zones - Nature Reserve and Adventure Point - the 64-acre Rasab Ria Reserve provides the natural habitat for visitors with a passion for learning and experiential experiences.

At the heart of the Rasa-Ria Reserve, a new Discovery Centre educates through tactical exhibitions. The rangers nurture the reserve with the maintenance of the natural surroundings to ensure prosperity in both fauna and flora, plus animals, available to view from guided walking trails.

Adventure Point

Designed in harmony with the reserve, the Adventure Point enhances an open space for young visitors. It is home to Bornean animal play sculptures, balancing beams, swings, tree trunk, climbing zone and a sandpit with dinosaur bones.

RANGER'S TIPS

What to wear	Cotton gets damp quickly and is slower to dry, so consider quick-drying synthetic materials for T-shirt or shirt. Good walking shoes or light weight trekking shoes are useful on nature trails.
The temperature	Expect Borneo temperature to be hot and humid with average temperature between 27°C to 31°C, the humidity is often an issue, so it will feel hotter than it is.
Advice	<p>SAY NO TO PLASTIC Shangri-La's Rasa Ria Resort & Spa has taken the first step to say No to Plastic by eliminating all single-use plastic products. The resort is also the first in the group to measure its plastic footprints with Plastic Disclosure Project. How can you contribute? Join us in eliminating single-use plastic products #onelessplastic and carry a reusable water bottle.</p> <p>RASA RIA RESERVE EXPERIENCE Please feel free to approach any of our Rangers on duty for more tips or information. Take lots of photos and don't forget to tag us #rasariareserve #shangrilarasaria</p> <p>The Jungle is usually riddled with mosquitoes, so it is absolutely essential to bring some mosquito repellent with you</p> <p>Visit our website www.shangrila.com and www.rasariareserve.com</p>
